**revol® wireless UNVEILS TWO NEW INDIANAPOLIS STORES
Grand Openings Slated for April 3, 4 and 5**

Independence, Ohio – Revol® wireless , a regional cellular service provider built on the value proposition of unlimited anytime minutes and text messaging for a flat monthly rate, announces the grand openings of its two newest Indianapolis stores – bringing the citywide and surrounding area total to 30.

Beginning April 3, the new revol wireless stores will be located at 7129 Michigan Ave., in the Marsh Plaza on the corner of 71st Street and Michigan Avenue, and 8939 East 38th Street, in the Kroger Plaza on the corner of Post Road and East 38th Street. Both retail locations will have store hours of 10 a.m. to 7 p.m. Monday through Saturday and noon to 5 p.m. on Sunday.

“In these difficult economic times, cost-conscious consumers are recognizing the enormous value that revol delivers as an affordable provider of unlimited wireless service with no contracts or billing surprises,” said Mike Beehn, Vice President of Marketing at revol wireless. “Indianapolis consumers have shown significant support for revol’s value-driven proposition and we are excited to be adding two new stores to the area so that we may better serve our rapidly growing subscriber base.”

Currently, revol has more than 400 retail locations in Ohio, Indiana and Pennsylvania, covering a population of seven million people. Of those locations, 125 of them are full-service corporate stores or express locations that are branded solely as revol outlets. Another 300 authorized retailers round out revol’s retail locations. In addition to the Indianapolis stores, revol plans to open another 10 corporate stores and projects adding 60 new employees in 2009.

###

Revol wireless, a privately held regional provider of CDMA wireless communications services, was founded on the philosophy that reliable wireless service can be affordable. The value philosophy led to the company’s primary offering of unlimited talk and text service for a flat monthly rate, without long-term contracts or deposits. With a rapidly growing subscriber base, revol’s high-quality, all digital wireless network now provides extended coverage in more than 300 U.S. cities. Founded in 2005 and headquartered in Independence, Ohio, revol wireless continues to expand its reach and now has more than 400 retail locations and more than 400 employees.
