Revol Wireless® Announces New Unlimited No Contract Wireless Phone Plans

New, National Unlimited Talk and Text Plans Offer Customers the Best Value in Wireless

Independence, Ohio – It's no secret that in today's current economic climate consumers are looking anywhere and everywhere for greater savings and simple ways to stretch their dollars. One way is with Revol Wireless' no contract wireless phone plans that offer all of the benefits of traditional plans, including excellent service, national coverage and even the latest phones – all with substantial savings over contract wireless phone plans. Revol Wireless today introduced new unlimited wireless phone plans that are by far the best value in wireless.

- Now, for only \$35/month customers can select Revol Wireless' National Unlimited Talk & Text Plan with Unlimited Talking and Texting to any number in the continental U.S from anywhere within Revol's national coverage. Unlike many carriers, Revol Wireless' unlimited minutes are not restricted by the time of day, which allows Revol Wireless customers to call anytime of the day or night without the fear of overages.
- Looking for even more of a value? With the new \$40/month plan, you'll receive everything offered with the \$35 plan, and then some. Extra features within this plan include unlimited media mail and mobile web.
- Realistically, most folks need more than one wireless line. With Revol Wireless' new unlimited family plans, the more lines you add, the more you save. With Revol Wireless' family plans, for \$70/month, you can enjoy two phone lines with all of the features found in Revol Wireless' \$40/month single line plan. That's an additional savings of \$10 each month. The potential savings grow as you add more wireless lines.

“Revol Wireless is dedicated to being the industry value leader in wireless service and these price decreases further illustrate our commitment,” said Linda Marshall, Revol Wireless Chief Operating Officer “Our new calling plans, coupled with our unlimited national coverage in more than 4,500 cities represents the market’s best value in wireless cellular service.”

Consumers can visit any Revol Wireless retail location or visit Revol Wireless’ website at www.revol.com for more information on the new plans.
